Janette:

We no longer represent Bayer CropScience with respect to the above-referenced facility. My understanding is that Chintan and Mark are still with the company and may be able to direct you to the appropriate contact persons. Thank you.

[EXTERNAL EMAIL]

Mr. Brown,

I am confirming my distribution list for the former Rhone-Poulenc site in Tukwila, Washington. Please confirm the four names and email addresses in your email below – are they still the appropriate contacts for Bayer CropScience, and should they all be receiving correspondence for this facility? Please note that we are moving toward electronic correspondence only.

Thank you,
Janette

Subject: EPA correspondence list, former Rhone-Poulenc site -- WAD 00928 2302

David,

I'm the EPA Project Coordinator for the former Rhone-Poulenc RCRA Corrective Action site located in Seattle, WA. Jennifer MacDonald, cc'd on this email, is EPA's legal counsel for this site. I'm reviewing my distribution list for this site. I've been mailing correspondence to Mr. Amin per your message below. I've also been mailing correspondence to Mr. Dragna at Bingham McCutchen LLP which I now understand is Morgan Lewis. Could you please confirm that your firm still wishes to be copied on correspondence for this site, and is Mr. Dragna the correct contact? Also, would you prefer I send correspondence electronically instead of hard copy?

Regarding correspondence to Bayer CropScience – Would Mr. Amin prefer electronic correspondence instead of hard copy? Also the consultant (Amec Foster Wheeler) that represents the Respondents on this site has not been distributing documents and correspondence to Bayer CropScience since 2011, I believe. Could you please confirm that they should continue not including Bayer CropScience?

Thanks,

Janette
